

Tier 3: Accelerator

Unlock Advanced Strategies to Maximize HubSpot

Empower your marketing, sales, and service teams with tailored strategies and expert implementation. This tier ensures alignment between your business goals and HubSpot capabilities through ongoing collaboration, real-time tracking, and proactive execution.

What's Included

Work with certified HubSpot experts to develop and execute strategies tailored to your business:

Comprehensize Kickoff Call

- 60-minute session to align on goals and identify opportunities.

Biweekly Strategy Meetings

- Two 60-minute sessions per month for alignment, consulting, training, and task discussions.

Documented Strategies

- Ongoing research to align HubSpot capabilities with your business goals and optimize task execution.

End-of-Month Reporting

- Detailed monthly reports summarizing progress, strategy outcomes, and next steps.

Real-Time Strategy Tracker

- Access to an embedded ClickUp tracker for visibility into task execution and strategy progress.

Dedicated Points for Ad-Hoc Tasks

- 20% of your monthly points are reserved for needs that arise unexpectedly to ensure flexibility.

How It Works

- 1. Alignment on Day 1:** Start with a kickoff call to establish your goals and strategy roadmap.
- 2. Biweekly Collaboration:** Participate in regular meetings to align on priorities and review progress.
- 3. Task Execution & Reporting:** Benefit from expert task implementation and detailed reporting to track success.

Flexible Pricing Options

- **Level 1 – \$1,750/month:** Includes 30 points per month with quarterly strategy and reporting.
- **Level 2 – \$7,000/month:** Includes 40 points per month for more robust strategy and task execution.
- **Level 3 – \$8,750/month:** Includes 50 points per month for comprehensive strategy development and implementation.

Why Choose Our Accelerator Tier?

Collaborative Approach:

Work closely with certified HubSpot experts to align strategies with your business goals.

Proactive Execution:

Address evolving needs with reserved points for ad-hoc requests.

Transparent Tracking:

Gain full visibility into strategy execution through real-time updates.
